

The FCC should not implement any proposal that would lessen Indiana's Telephone Privacy law protections.

Indiana's Telephone Privacy law has improved my time at home. I used to receive at least 7 calls per day, now I don't receive any!

Before the law was enacted I felt like a prisoner in my own home, afraid to answer the phone in fear that it would be telemarketer. I too have the right to privacy in my own home and I do not want it violated by annoying companies who think they have the right to call my home and disturb me on a regular basis. I now enjoy the peace and quiet that has come over my home.

Sincerely,
Tabatha L. Scasny
